DEPARTMENT PASS AEC

Reference EMBTEL 666.

Reply received Parsons' letter to Okumura mentioned first paragraph reference telegram. Reply encloses sealed letter for Dr. Boss, AEC, from Dr. Tomoo Otaka, acting president Japan Science Council (JSC) and informs Embassy of positions and desires of JSC regarding conference as follows:

1. Re handling press releases JSC accepts AEC understanding of single joint daily official release.
2. Re number conferees JSC considers appropriate add two or three to discuss effectively fourth agenda item "use of radio isotopes and radiation in agricultural and biological research". Inclusion this item by AEC proposal warmly endorsed by JSC.
3. JSC concurs conference discussions be limited to specified agenda agreed in advance including suggestions contained in letter from Dr. Otaka to Dr. Boss. JSC of opinion "medical problems" not to be included in agenda be understood to mean "clinical problems".

Text note pouched with letter enclosure. In acknowledging receipt Embassy is requesting names, biographic details Japanese delegates.
