	and Ökazaki understand that anything over million dollars
	and orestart understand onde anyoning over mitten detters
	from United States would require congressional hearing and
	there there are a second to the terms of terms
	they thoroughly appreciate this would not be in best interests
	Japan. Okazaki told me they would be obliged include state-
	Sapan. Okazaki botu me biley would be obliged instants be be-
	ment in their note of acceptance to effect that this was final
	lump-sum settlement of damages for this accident but that any repetition of incident from future tests could not be settled
	Tumb-ann serficinent of namakes for curs sectreme one cust sub
	repetition of incident from future tests could not be settled
	on same basis.

3. There is thus every likelihood of concluding settlement prior Yoshida's departure and I shall press desirability disposing of claim before Prime Minister leaves. This will give us appropriate interval between compensation settlement and proposed new conference dates. Highly important I be able conclude agreement as soon as Japanese give their assent. Assume authority offer compensation up to one million dollars has now been extended this fiscal year (Embassy's 207, paragraph 2, July 26). Please confirm.
