CONGRESS OF THE UNITED STATES
Joint Committee on Atomic Energy

February 4, 1954

Mr. K. D. Nichols
General Manager
U. S. Atomic Energy Commission
1901 Constitution Avenue
Washington, D. C.

Dear Mr. Nichols:

I am writing to thank you and the Commission, both personally and on behalf of Chairman Cole of the Joint Committee on Atomic Energy for making it possible for us to show to the Members of Congress the film on "Operation IVY".

At two screenings, yesterday and the day before, nearly 300 Members of the Senate and the House of Representatives saw the picture. Their comments showed how deep was their interest and appreciation.

I want especially to commend Elton Lord and his assistant for the efficient way they handled the assignment. Their wholehearted cooperation left nothing to be desired.

Sincerely yours,

/s/

Corbin Allardice
Executive Director
