Honorable Walter J. Hickel Secretary of the Interior

bear Mr. Hickel:

This is in response to former Secretary Udoll's letter of January 17, 1909, on the simil resettlement program. I am pleased to say that the Atomic Energy Commission (AbC) will cooperate with the Departments of Interior and Befence in the cleanup of the Bikini Atoll. The Commission will provide \$300,000 in fiscal year 1969 for this purpose.

The AEC will be responsible for the radiological health and safety espects of the program. It is my understanding that the Department of Defense would like to manage the cleanup efforts in coordination with the AEC. The AEC has no objections to this arrangement providing the total AEC cost does not exceed \$300,000.
