Division of Military Applications
Shields Warren, Director
Division of Biology and Medicine

April 20, 1949

FUTURE TESTS - RESEARCH ACTIVITIES IN BIOLOGY, MEDICINE AND HEALTH PHYSICS.

REFER TO
SYMBOL: MEMLET

1. The Division of Biology and Medicine has been informed of the plans of the Division of Military Applications for a test of weapons at Eniwetok at a future date.
2. The Division of Biology and Medicine would like to take advantage of these tests to conduct field experiments which can be carried out only under test conditions.
3. Since the "J" Division of Los Alamos is not staffed for supervision of the proposed tests in Biology and Medicine, arrangements have been made for Dr. Austin Bruce, Argonne National Laboratory, to supervise those phases of the test pertaining to research in the fields of Biology, Medicine and Health Physics.
4. It is understood that the overall supervision of the program will rest with the test director, Dr. Alvin C. Graves.

cc: Mr. Bradbury - Los Alamos - For Dr. Graves
Mr. Carroll Tyler, Area Manager, OSFO
