FORM 3507

May 19, 1949

Lt. Commander George C. Greer, USN
Pearl Harbor Naval Ship Yard
Pearl Harbor, T. H.

Dear Commander Greer:

At the request of Captain Martell, I am forwarding to you copies of previous correspondence from Dr. Donaldson at the University of Washington regarding his requirements for the proposed expedition. It will probably be helpful for you to go over these in advance of your trip to Seattle in order that you may take up with Dr. Donaldson any question which may arise. It is my understanding that you will be returning to discuss the expedition with Dr. Donaldson at some time during the next week.

Sincerely yours,

Ernest Finley
Administrative Officer
Division of Biology and Medicine
