

Office Memorandum • UNITED STATES GOVERNMENT

TO : MR. DERRY

DATE: 25 June

FROM : M. Gill

400356

SUBJECT: Bikini Scientific Re-survey.

R

Admiral Parsons has received a teletype from Dr. Wigner which says Roberson's joining the expedition is assured, Katelle is unable to go, and that he is exploring the possibilities of other chemists. Dr. Pollard of Univ of Tenn will make two soil chemists available.

The following are prospects for the trip:

- Test Algae H. Yagoda, Public Health Service
- Distribution of algae- Dr. Harold Bold, Botany Dept, Univ of Nashville (not cleared)
- Marine life - Dr. Ralph Bolin, Hopkins Marine Station, Calif.
Dr. Marston Sargent, Squibbs Inst. of Oceanography, LaJolla, Calif.
- Entomologist - Dr. Arthur P. Cole, Oak Ridge
