

Memorandum to D. S. Warren

From: Project Director, Medical Test Program

Subject: Construction Needs

Reference is made to the program planning letter Sept 5, 1957.

Planning for the needs of Program to be conducted in connection with future space operations has progressed to the point where the U.S. Air Force is prepared to start construction of the ~~space station~~ necessary facilities on the ground. These facilities can be constructed in the next few months and will be ready for use by the end of the year 1958-1959.

It is recommended that funds be made available to provide ~~the~~ as soon as possible so that there will be no delay in beginning construction.

The above funds should be transferred to the account of the U.S. Air Force for the construction of the station.

Very truly yours,
Project Director
