Dear Dr. Fosberg:

We regret very much your inability to accompany us on our expedition to the Pacific this summer. After my telephone conversation with you we continued our exploration and have been able to secure the services of Dr. Harold St. John, University of Hawaii, who, from past experience and reputation, should be able to take care of our needs in the classification of tropical plants.

We hope your expedition to the Pacific is successful and look forward to seeing the accounts as they are prepared from this area.

Yours sincerely,

Lauren R. Donaldson
