SCHEDULE OF DR. DONALDSON'S TRIP TO PACIFIC

5 June 1950

BEST AVAILABLE COPY

NAME  
STANDARD NUMBER

We are transmitting to you a report by Dr. Donaldson of the Applied Fisheries Laboratory at Washington which outlines his proposed trip to Bikini and Rongerik this summer. This report also gives a list of the personnel that Dr. Donaldson proposed to accompany him on this trip. It is indicated on page four that the exact time schedule depends on the availability of transportation. From this and other information from Dr. Donaldson I assume that anytime between July 27 and August 1 would be satisfactory dates for them to leave Seattle for the indicated points in the Pacific.

We shall appreciate it if you will make the necessary arrangements for Dr. Donaldson's trip to Bikini and Rongerik.
