

CLASSIFICATION OF MATERIAL ON THE RADIOBIOLOGICAL
EFFECTS OF THE BIKINI AND ENIVETOK LAGOONS

August 4, 1947

400561

As the result of recent releases on the Enivetok experiments and
discussions with the Navy Department, the Military Liaison
Committee and your office, it is proposed to reduce the classifi-
cation to RESTRICTED.

Accordingly, it is requested that you change the classification
of letter dated March 20, 1947, and HQ-4-1A, addressed
to you by Mr. Wilson, from TOP SECRET to RESTRICTED, and
all other material which you have pertaining to this subject should also
be reclassified to RESTRICTED.
