CLASSIFICATION OF MATERIAL ON THE RADIOBIOLOGICAL SURVEY OF THE BIKINI AND ENiwETOK LAGOONS

As the result of recent releases on the Eniwetok experiments and discussions with the Navy Department, the Division of Military Application, and your office, it is proposed to reduce the classification of this material to RESTRICTED.

Accordingly, it is requested that you change classification of letter dated Aug 12, Auth. No. 121-12, addressed to you from Sec. 1, and attachment, letter dated March 30, Auth. No. 121-12, and any other material which you have pertaining to this subject should also be declassified down to RESTRICTED.

**CLASSIFICATION OF MATERIAL ON THE RADIOBIOLOGICAL
SURVEY OF THE PIKINI AND NIHOA LAGOONS**

As the result of recent releases on the Nihoia experiments and
discussions with the Navy Department, the Military Liaison
Committee and your office, it is proposed to reduce the classifica-
tion to RESTRICTED.

As is requested that you change the classification
of letter dated March 30, 1948, with No. NMB-2, addressed to
Captain J. A. Russell from Dr. E. K. Wilson from **SECRET** to
RESTRICTED. Any other material which you have pertaining to this
subject should also be reclassified to RESTRICTED.
