John Z. Bowers, Asst. to Director
Division of Biology and Medicine
ALLOTMENT OF \$20,000 to NAVY DEPARTMENT.

June 15, 1968

REFER TO
SYMBOL: EM:JEF

You are requested to allot the sum of \$20,000 for reimbursement of the Navy for extra expenses incident to their support (transportation, quarters, supplies, etc.) of the radiobiological survey of Bikini Lagoon. By telegram on June 11th, the Hanford Office, which has the contract with Donaldson for the performance of this work, requested that funds be allotted to the Navy at the Washington level.

Although the Division of Biology and Medicine has not completed its analysis of F.Y. 1968 obligations, a preliminary examination of the figures indicates that some adjustments could be made to cover this expense.
