Jim:

The enclosed agreement was negotiated with the Trust Territory people in December, as discussed in the enclosed memo, and has been concurred in by DMA, OGC and OC.

1. We offered to send a copy of the draft to the Interior Department to get their views on it. May we do so now?
2. Will you want to or want me to communicate with Jack Griffin in Larson's office about this? If so, when? Should we send them a copy of the memo regarding the negotiations?

Sid
