Dear Mrs.

Your letter of 20 July 1978 regarding the welfare of your son has reached this Command and we have been in contact with officials of Global Associates, Inc., his employer. We are advised that your son did reach you by telephone on 19 October 1978, and that currently he is on vacation.

Your son is employed by Global Associates at Kwajalein Missile Range, on Roi-Namur Island. This is quite distant from Bikini Atoll (about 200 miles) and hence free from any possible nuclear radiation effects from Bikini.

Global Associates has been a contractor of this Command, doing work at Kwajalein Missile Range, since 1964. We have found the firm to be reputable.

You indicated that you have had difficulty in getting mail to your son in the past. Your son may have his own post office box rented at Kwajalein Missile Range, and may have provided you that mailing address. If not, I suggest that you write him as follows, which is the standard address for persons at Kwajalein Missile Range:

(Son's Name)  
 General Delivery  
 APO San Francisco 96555

If you have additional questions or problems, the correct mailing address of your son's employer is:

Global Associates, Inc.  
 P. O. Box 12156  
 Oakland, California 94604

Sincerely,  
 Signed  
 W. O. TURNEY
