Dr. W. J. Bair
Battelle Northwest Laboratory
Richland, Washington 99352

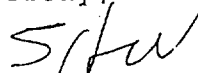

Dear Dr. Bair:

Enclosed are my comments on Dr. Richmond's proposal which you requested me last Friday to send.

Since Dr. Wachholz retained me, I am sending him a copy of this correspondence and I hope this will be considered proper procedure.

Perhaps my comments could also be sent to Dr. Richmond as they might be useful.

Sincerely,

Strother H. Walker, Ph. D.
Professor and Chairman
