Dear Dr. Liverman:

Your teletype and your "letter to myself" and to the people of Uruk arrived the other day. I have asked Yen Alice Duck to translate your letter to Uruk, and I have sent it via radio message on the TT network.

I shall handcarry your letter and the translation to Uruk.

I enclose copies of the translated letter and the radio message.

I do not yet know what to expect when we arrive at Uruk. I know the magistrate, Brown, has been in contact with Mr. Allen de Meijer and I assume this means a new wave in Uruk.

I appreciate your concern for the implement situation.

Sincerely Yours

Knud Knudsen
