Dear Dr. Conrad,

This letter is extended to you from all the people of Brookhaven and with this letter goes out a strong desire to express our appreciation for your past work.

We have always appreciated your program in the past and at this moment, we ask that the December trip for the year 1977 goes ahead as ~~usual~~ planned with Dr. Kundzew.

We appreciate the work that has been accomplished in the past and we hope all for the future. Best wishes are extended to your family and we look forward to seeing the whole team in December.
