OPERATIONS PLAN NO. 10 - LIKTANUR II
RONGELAP AND UTIRIK

The enclosed Operations Plan covers Mission No. 10 for FY 1979. Brookhaven National Laboratory will be conducting whole body counting and environmental sampling on Rongelap and Utirik from August 25 through September 6, 1979.

Full coordination of the Plan was not possible because of the unavailability of several key personnel. If any of you see the need for additions, deletions or clarifications please advise the undersigned by phone (808 - 422-9211) or by TWX no later than August 24.

Sincerely,

W. J. Stanley
