Dear Bob:

I appreciate very much your making arrangements for use of the ship for the survey. There is one additional item I would appreciate your help on. There is a 20 year old Rongelap lady named _____ who is living at Jaluit atoll. She had a thyroidectomy in 1964 and two years later we noted a slight tumor in the region of her thyroid operation. We have not been able to see this girl in the past three years and are quite concerned about her case in view of the diagnoses of cancer of the thyroid in three other Rongelap people. Do you see any way possible that this girl could be brought to Majuro for us to examine her by around 25 March.

Your help in arrangements for the survey are greatly appreciated.

Sincerely,

Robert A. Conard, M.D.
