Mr. N. J. Emerson
Maui Medical Group
99 South Market Street
Wailuku
Maui, Hawaii 96793

Dear Mr. Emerson:

We have a Marshallese boy who has leukemia at the National Institutes of Health. He is in critical condition and needs a special type of blood typing for transfusion purposes. His brother is named _____ and he attends the Maui Community College, (the patient's name is _____). His brother, _____ is about 21 years of age. Unfortunately we do not have the address for this boy but in view of the urgency of the situation, I would appreciate it if you would have one of your doctors locate the boy and draw a blood sample as directed with the enclosed kit. This sample must be airmailed so as to arrive at the Los Angeles Laboratory within 48 hours.

This project is sponsored by the AEC and Holmes & Narver, Honolulu who gave me the name of your organization for assistance in this matter. I am also asking AEC Honolulu to help you in any way possible in locating this boy.

Your help in this matter will be greatly appreciated and I will appreciate hearing from you concerning this matter.

Sincerely,

Robert A. Conard
Robert A. Conard, M. D.
