To Whom It May Concern

The Brookhaven Nat. Lab. medical team has identified ^{eight (8)} ~~seven~~ (8) patients who need immediate transportation to Egey in conjunction with the thyroid evaluation of the outer islands. ^{Four (4)} ~~Three~~ of the patients have acute medical problems (other than thyroid disease) and need transport to Egey → Ingimo regional hospital. Their transportation is covered by the DOE/DOI combined primary medical care agreement of 1977
