BEST COPY AVAILABLE

I read the letter from the Counsel of the Congress of Micronesia with interest. There is no need to request them to pay the cost of forwarding the materials from Brookhaven to the Marshall Islands. Kindly go ahead and I suggest sending them duplicate copies of all of the reports including the original green report of the incident. I am sorry but I have no further copies of this myself but I believe that Dr. Bond has several copies still available.

Who is Ernest Libby? He wrote quite a good article but I doubt if it will have much impact with the individuals concerned.
