SUBJECT: Personnel Involved in Atmospheric Nuclear Tests

As you can see in the attached article from the Oakland Tribune, DOE is looking for participants in atmospheric nuclear tests. TID has three (3) people who were participants and they are listed below:

George Kagawa
Ted Kirksey

Also, Ed Pollack of Accounting was involved in the tests of 1962.

We would appreciate any direction you could give us.

T. H. Kirksey, Jr.

*Henry, Ted —
I have reviewed the question of whether LBL should
take any positive steps regarding this matter. The CO
decided it was not appropriate for the Lab to do so.
However — Henry, if you wish to add a question
on the medical history questionnaire asking if people
had been participants, it might be interesting for*
