Atomic Energy Commission:

I wish to bring the following to the attention of the Commission:

My name is _____ C.W.O. U.S. Navy, Ret., Social Security Number _____ am 58 years old, ex Naval Service and took part in the Atomic Bomb Test in Bikini Atoll-Operation Crossroads-July, 1946. I was aboard the U.S.S. Albermarle, went along side the LSM 60, for the underwater test-Baker.

I believe I may have been exposed to radiation. At any rate, I now have metastatic breast cancer and multiple bone areas affected and am receiving medical treatment at the Cancer Center at the LAC/USC Medical Center-1200 North State Street, Los Angeles, Ca., telephone 226-4023.

I understand that the Atomic Energy Commission is interested in a follow-up study on those of us who took part in the testing of the bomb and I would, therefore, wish my name to be included in those being followed.

Yours respectfully,

Charles W. Jones
