Folder <u>MHS 3-9 (1968) March</u> <u>Thule Incident</u>

Dear Professor Otero:

I appreciate your letter of December 7, 1968, concerning extension of the U.S. Atomic Energy Commission's assistance to the biomedical research program being carried out by your Health and Safety Division.

I understand that on December 2, 1968, Mr. Myron Kratzer proposed extension of our cooperation in this area by a letter which crossed yours in the mail. I believe that, with receipt of your December 31, 1968, letter to Mr. Kratzer, we now have all information necessary for taking final action on this proposal. We are proceeding with that action as quickly as possible.

May I extend best wishes to you for the holiday season and the New Year.
