INSTRUCTIONS AND INFORMATION FOR OBSERVERS FOR OPERATION GREENHOUSE

R

BEST COPY AVAILABLE

The following instructional material has been prepared for the information and guidance of official observers for Operation GREENHOUSE. The requirements of this instruction are the minimum essential to good security and efficient handling of administrative arrangements in connection with your trip and should be complied with in detail.

While this material provides observers with the information required to accomplish pre-flight plans themselves, supplementary information and assistance may be obtained from the Administrative Operations Branch, Division of Military Application, U. S. Atomic Energy Commission, Washington, D. C., (Sterling 8000, extension 552).

Pre-Departure Requirements

(1) Q Clearance.

All observers to Operation GREENHOUSE must be Q cleared.

(2) Travel Orders.

You will be required to have a set of invitational military travel orders. The information shown on Attachment "A" is necessary for issuance of these invitational orders by Joint Task Force Three. Please complete this form and return it immediately to the address shown thereon. Sufficient copies of JTF-3 orders will be furnished you to meet distribution requirements en route.

In addition to the military orders, you will need a travel authorization issued by the AEC, or by your own agency if it is bearing the expense of your travel, which will permit payment of appropriate per diem and other expenses incident to your trip. (Note: Payment of per diem to persons traveling on AEC orders will be made in accordance with memorandum dated July 18, 1950, from Captain James S. Russell, USN, Acting Director of Military Application to the Commanding General, Joint Task Force Three.)

(3) Identification Card.

You must have with you a properly prepared and countersigned Department of Defense Identification Card (DD Form 2A or WDAGO Form 65). Arrangements have been made to have required pictures for these cards taken in Room 5A-132, the Pentagon, between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday. You should have this picture taken as soon as possible in order that your completed identification card may be returned to you with your travel orders.

(4) Certificate of Immunization.

At the time of departure, you must have with you a certificate indicating your immunization (or receipt of a stimulating dosage within the last year) against the following:

Smallpox
Typhoid
Tetanus

These inoculations may be given by any qualified physician. If you wish, you may have them administered at either of the following offices:

U. S. Naval Dispensary
Room 1936
Main Navy Building
19th & Constitution Ave., N. W.

or

U. S. Public Health Service
Room 1624
Federal Security Building
4th and C Streets, S. W.

An individual letter of request from the AEC is required. Please call Sterling 8000, extension 552, if you wish to have arrangements made for you at either office.

This series of shots may require a period of about three weeks. In cases where the time element does not permit the complete series of shots, a statement should be obtained from the physician certifying as to the shots received and the balance required. Tour Officers (see Flight Information below) can arrange booster shots en route if necessary.

Flight Information

Special Air Mission aircraft, accompanied by a Tour Officer familiar with the general aspects of Operation GREENHOUSE, are scheduled to take observers from the MATS Terminal, National Airport, Washington, D. C., to the Marshall Islands. Each group of observers will proceed in two flights. The first flight will leave two days prior to the second flight; the second flight is so arranged as to arrive in time for the scheduled program and to view the operations at Eniwetok. Two overnight stops are planned en route, the first at Travis Air Force Base, California, and the second at Hickam Air Force Base, Oahu, T. H. All flights are planned to be daylight and are approximately of nine (9) hours duration.

In the event you are unable to join the flight in Washington, D. C., you should contact the Administrative Operations Branch, Division of Military Application, immediately in order that arrangements can be made for you to join the flight either at Travis Air Force Base or at Hickam Air Force Base.

Security

Arrangements have been made to dispense with all formalities and honors at Washington, D. C., Travis Air Force Base, and in Hawaii so that as little attention as possible will be drawn to your movement and that of the other observers.

Each observer is expected to read and be thoroughly familiar with Attachment "B" which sets forth the security classifications of various aspects of Operation GREENHOUSE. It is particularly important that you not relate your proposed trip to Operation GREENHOUSE in any way.

General Information
