STUDY OF OPERATIONAL FUTURE - NEVADA PROVING GROUNDS

SYMBOL: EME:HCB

BEST COPY AVAILABLE

This will acknowledge receipt of your memorandum of October 29, 1952. We are presently reviewing the scope of the proposed study and hope to be able to provide you with our comments in the very near future.

As you may know, Dr. Bugher is away and will probably not return until about November 15. He will undoubtedly wish to participate on Mr. Tyler's Committee, although he may wish to appoint an alternate in the event he is unable to devote as much time to it as he would like.
