R

Three copies of a letter from Chief of Naval Operations, dated June 27, 1949, on the above subject are forwarded herewith.

It is assumed that you will take the action necessary to notify members of the party to report for identification cards. It is suggested that Dr. Donaldson may be interested in receiving a copy of the enclosed letter, for this reason, more than one copy is furnished.

Your attention is particularly invited to paragraph 5 in regard to news releases, and it is requested that this be brought to the attention of Dr. Donaldson. You will note that Mr. O. H. Townsend of Public and Technical Information has received a copy of this memo with enclosure. I understand through him that Dr. Donaldson intends to make a news release and have informed him of Chief of Naval Operations' request that this be coordinated with Navy Public Relations.

Your comments are requested in order that a reply may be made.
