Dear Mr. Marshall:

Reference is made to your telephone conversation of this date with Major John Gulley, AFSWP, concerning dissemination of SANDSTONE technical reports.

Under separate cover we are forwarding copies of SANDSTONE Reports 18, 21, 24, 32, 39 and 43. These reports have been reviewed by this headquarters and in our opinion may be considered Type "B" Restricted Data as defined by the NME-AEC Classification Guide. It is not suggested that any change be made in the principal classification.

It is requested that your office review the reports and advise us whether you concur in our proposal to disseminate the reports within the Department of Defense as Type "B" Restricted Data. Inasmuch as these reports are in short supply, it is also requested that they be returned after your review.

Your cooperation in this matter is appreciated.

Sincerely yours,
