Honorable Gordon M. Dean  
Chairman, Atomic Energy Commission  
1901 Constitution Avenue  
Washington 25, D. C.

Dear Mr. Dean:

Dr. John C. Bugher was assigned by your office to serve with my staff during the critical operational phase of Operation IVY. This generous support provided a valuable contribution to our effort. As a member of the senior radsafe staff, his advice was timely and effective.

I wish to express my sincere appreciation and thanks for your consideration in making Dr. Bugher available for duty with the task force staff.

Sincerely yours,
