

HEADQUARTERS
JOINT TASK FORCE 132
OFFICE OF THE COMMANDER
WASHINGTON 25, D. C.

404766

14 July 1952

Dr. John C. Bugher
Director, Division of Biology & Medicine
The Atomic Energy Commission
Washington 25, D. C.

Dear Dr. Bugher:

I have just returned from our trip to the forward area with Al Graves and found things going along very well. I am sorry you were not able to make the full trip with us, but I hope that you will be able to make the trip in the near future.

I want to express my sincere appreciation for your participation in the meetings held at CINCPAC headquarters on 10 July 1952. Your presence helped to promote a better understanding of our problems, and I know that the CINCPAC authorities were glad to receive the biological and medical implications in the radiological safety problems.

We are looking forward to your participation in the IVY Operation, and just as soon as firm dates and plans are available, full information will be forwarded to you for planning purposes.

Sincerely,

P. W. CLARKSON
Major General, USA
Commander
