Mr. A. K. Chapman, President  
Eastman Kodak Company  
Rochester 4, New York

Dear Mr. Chapman:

Thank you for your letter of July 17 to Mr. Zuckert bringing us up-to-date on the measures, and the cost thereof, that your company has taken thus far to isolate your plants and your products from radioactive fallout.

I am glad to note that you feel our advance information and daily bulletin through the National Association of Photographic Manufacturers concerning test timing and cloud travel have been useful to you in this regard and that you have experienced a considerable decline in costs in this department during the current year. We hope that you will continue to call on us in the future for any further technical assistance or information we can provide.

Sincerely yours,

M. W. Boyer  
General Manager
