Dr. Lauren R. Donaldson, Director
Applied Fisheries Laboratory
University of Washington
Seattle, Washington

BEST COPY AVAILABLE

Dear Dr. Donaldson:

I am planning to spend a couple of days in Seattle sometime in August. Provided August 20-21 would be satisfactory with you, I would like to suggest those dates.

I hope that we can discuss the new lines of work you have indicated a desire to undertake to replace in part the Bikini and Eniwetok surveys. We will also want to discuss any contemplated follow-up work at these sites.

In accordance with your earlier letter, we have requested that 100 pounds of the active sand from the Eniwetok tests be sent directly to you.

Sincerely yours,

Paul D. Pearson
Chief, Biology Branch
Division of Biology and Medicine
