R. A. Boettcher

Building 419 - Elmer

R

4 September 1953

Note: TELETYPE REPLY REQUESTED.

Attached is a marked print indicating our interpretation of certain details of design as shown by Drawing 6228-EE-3.

Please confirm by teletype if these details meet with your approval. If not, please advise as soon as possible, particularly with respect to the sheet pile cut-off at the trestle approach as shown by Section A, as timber pile driving is now underway.

We assume that you will issue drawing revisions as appropriate.
