Security Fencing - Fresh Water  
Storage - Elmer

405873

May 29, 1953

The following is quoted in part from Mr. P. W. Spain's letter  
PG-3-2211 dated May 22, 1953 for your compliance:

"It is requested that you proceed with installation of a  
security fence around the Fresh Water Storage Area on Elmer,  
as outlined on your Preliminary drawing FS-800, dated  
September 15, 1952, subject to the following comments:

1. Fencing is to be of aluminum.
2. Lights are to be of the "street light" type, not  
"security lights."

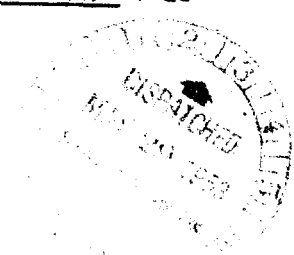

As the Home Office has no print of FS-800, I believe it will  
save time for Jobsite to order the material required. We will  
therefore assume you are taking the action.
