Subject: Soil samples

BEST COPY AVAILABLE

Dear Sir:

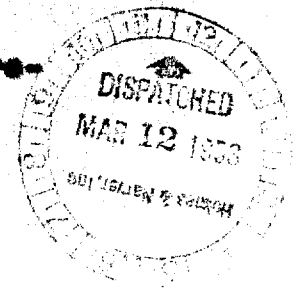

You shipped our first set of soil from the jobsite to  
Dames & Moore's outside laboratory. The Department of  
Agriculture, Wash. D.C., approved this set for the Dept of  
Interior. We advised that the soil is destroyed as soon  
as it is analyzed by Dames & Moore.

We are making the assumption that this mailing has mean all  
tests to be made on the soil and are assuming that  
Mr. Robert E. Campbell will instruct Mr. Spence and Street  
that upon completion of their chemical analysis they will  
destroy the soil.

Dames & Moore will have completed their physical measure-  
ments on the samples in approximately four months.

Very truly yours,

HOLMES & HARVER, INC.
