Subject: Sandspits for Project 1.2b

COPIES AVAILABLE

Dear Sir:

As per LADD letter J-17989 dated May 12, 1953, we are forwarding the following information with regard to Item 5 which we have received from the jobsite:

"The largest sandspit west of Site Dog has a plus 7.0 contour approximately 650 feet long by 50 feet wide. The highest point found was plus 8.1. The long axis of the spit has a bearing of North 75 degrees East. The coordinates of approximate center of axes are N166, 190 S111, 285.

The coordinates are based on the Preliminary Plant Grid system and development was made on the site Dog traverse shown on Field Sketch 5015, Revision one."

Very truly yours,

DAVID L. HARVER, INC.
