R

TRIANGULATION PARTY:

Bravo - Victor triangulation until word comes concerning Sites Love and Jig. If Site Love and Jig are approved have construction go ahead on these two towers. Triangulation can continue on Bravo - Victor until construction is complete on Love and Jig. When Love and Jig towers are complete start immediately on triangulation in that area. If the Love-Jig set-up is disapproved, continue on the Bravo-Victor triangulation.

PARTY #1:

Traverse-Triangulation tie at Stations Charlie and Fox. Site Fox camp layout. Barge observation. Site George topography. Site Fox test-hole. Sand spit locations.

PARTY #2:

Traverse-triangulation tie at Site Nan, Uncle, Oboe, Yoke and How. While at How, locate test holes. If word is received that precise chaining is required from Station South on Site Jig to Station South How on Site How, turn to on that job immediately.

PARTY #3:

Continue on Site Nan topography to completion.

NOTE: If Party #2 finishes its assignments before the end of the week, they should go to the Site Fox camp and assist in completing requirements in that area.
