Attention: Mr. Dave Narver

Subject: SUPPLY DATA AT BIKINI ATOLL

Gentlemen:

During September your Mr. Sam Howell requested that we attempt to obtain information on previous surveys and triangulation made at Bikini Atoll. We have now received this information from the U. S. Navy Hydrographic Office, and the data are enclosed herewith, consisting of a triangulation diagram, descriptions of stations, and geographic positions.

Inasmuch as the enclosed copies are the only ones available, it is requested that you reproduce these expeditiously and forward a copy to Mr. Howell at the jobsite.

Very truly yours,
