408674

R

Attached is a copy of AEC 125/3, subject as above, dated April 14, 1949. On April 20, 1949 the Commission approved the recommendations contained therein.

You are authorized to proceed with planning, preparations and contract negotiations for the provision of services and facilities at Eniwetok. Where feasible, facilities should be provided which will be usable for one other series of tests at Eniwetok two to three years subsequent to the 1951 series.
