8. AEC 482 - DISSEMINATION OF TEST DATA TO THE FCDA

Under consideration was a report by the Director of Classification proposing declassification of the yield of SHOT EASY GREENHOUSE, and dissemination of the data based on that shot for use by the FCDA. Mr. Marshall pointed out that in order to release the effects data needed by the FCDA in its civil defense program, it was necessary first to declassify the EASY shot yield in order to declassify the data itself. Mr. Smyth said he understood that the order of SHOT EASY within the GREENHOUSE series of shots, would not be revealed. After further discussion, the Commission:

APPROVED the recommendation of AEC 482
