ATOMIC ENERGY COMMISSION

TYPHOON DAMAGE AT ENIWETOK

Note by the Secretary

The Director of Military Application has submitted the attachment for the information of the Commission with the following comment:

"Information received from Santa Fe Operations by telephone indicates that damage on Parry Island was confined entirely to the old (World War II) quonset type warehouses.

"At Bikini, 2 LCM's were lost but the wind at last report had dropped to 45 knots."

ROY B. SNAPP
