Chief of Naval Operations  
Room 2063 Navy Department  
Washington 25, D.C.

Dear Admiral Denfield:

I wish to thank the Navy Department on behalf of the Atomic Energy Commission for the splendid cooperation in supporting the biological resurvey of Bikini Atoll and survey of Eniwetok Atoll under the guidance of Dr. Lauren Donaldson.

The efforts of Commander Charles B. Martell, USN, in organizing Navy Support of the Expedition and of Lieutenant J.J. Schmidt, USN, in the capacity of Navy Liaison Officer, contributed substantially to the successful completion of the expedition's objectives.

Upon submission of a report to the Commission by Dr. Lauren Donaldson, we will contact the Navy Department, subject to the required clearance by other interested offices of this Commission in connection with a possible joint press release on the expedition.

Sincerely yours,

Shields Warren, M.D.  
Director, Division of  
Biology and Medicine
