Honorable Val Peterson
Administrator
Federal Civil Defense Administration
Washington 25, D. C.

Dear Mr. Peterson:

It is a pleasure for the Atomic Energy Commission to transmit the Secret, Restricted Data, version of the 16-mm moving picture report, "Operation IVT", to the Federal Civil Defense Administration for showing to your State representatives on Wednesday, September 30. I feel I should point out, however, that the picture's classification, together with the circumstances under which it will be shown, make mandatory the possession of a "Q" clearance by all who view it, in accordance with the provision of the Atomic Energy Act of 1946.

Sincerely yours,

Lewis L. Strauss
Chairman

P. S. For those whose clearance cannot be had in time for the proposed showing - due simply to the mechanical processing time required - we will be glad to cooperate to arrange later showings - even, if necessary, taking the film to them where they live.
