1. AEC 153/32 - Public Announcement on Operation GREENHOUSE

Mr. Trapnell outlined the schedule for public release of the proposed announcement on Operation GREENHOUSE (AEC 153/32) and said that, following Presidential approval of the release and upon completion of the fourth and final shot, it was expected that release would be made without further reference to the Commission unless new problems arose. A press conference on the tests was being arranged to be held in Washington in mid-June upon the return of the Commander of the Task Force, the Scientific Director, and other key personnel. After further discussion the Commission:

APPROVED the recommendation of AEC 153/32.
