COMMISSION ACTION ON AEC 9/3

1. At its meeting on January 27, 1948, the Commission considered Report AEC 9/3 from your Division. The Commission recognized the uncertainty that existed as to the requirements for spaces for certain groups, and noted the allocations proposed in the report as an estimate of the probable assignment of spaces. The Commission authorized dispatch of letters, such as those in Appendices "A" and "B" of AEC 9/3, to the General Advisory Committee and the Director of Santa Fe Operations respectively.

2. The Acting General Manager has requested that you take the necessary implementing action on this decision.

3. It is further requested that a copy of any implementing papers be furnished the Office of the Secretary.
