My dear General Hull:

No formal expression of admiration for your noteworthy achievement as chief of Joint Task Force 7 will suffice to tell you how proud and deeply gratified I am to have been associated with a man who has served humanity as ably as you have in the operations now concluded. Your poise, generosity, and great human understanding have impressed us all, and your leadership put us all in your debt.

With esteem, I remain

Faithfully,

/s/ David E. Lilienthal
