24 JUN 1948

PREUSS:lw

Dr. C. W. Lampson
 Ballistics Research Laboratory
 Aberdeen, Maryland

Through: The Chief of Staff
 United States Army

Dear Dr. Lampson:

The President has requested the Atomic Energy Commission to convey his commendation to the scientific personnel responsible for the success of the 1948 atomic weapon test program at Eniwetok Atoll.

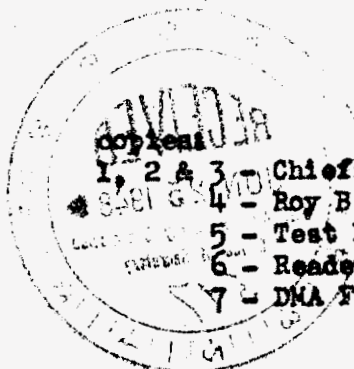

Your outstanding work in blast measurements was a major contribution to the success of the test program. It was of inestimable value to the Commission to have had you work with the Proving Ground Group. Your professional skill and competence was demonstrated amply by the high quality results you obtained under difficult field conditions.

Your work reflects credit on the research establishments of the United States Army. You personally have rendered the nation an outstanding service and it is my privilege to convey to you, for the Commission, the President's commendation.

Sincerely yours,
