PREUSS/lw

Mr. Carl A. Hedberg
Los Alamos Scientific Laboratory
P. O. Box 1663
Los Alamos, New Mexico

Dear Mr. Hedberg:

The President has requested the Atomic Energy Commission to convey his commendation to the scientific personnel responsible for the success of the 1948 atomic weapon test program at Eniwetok Atoll.

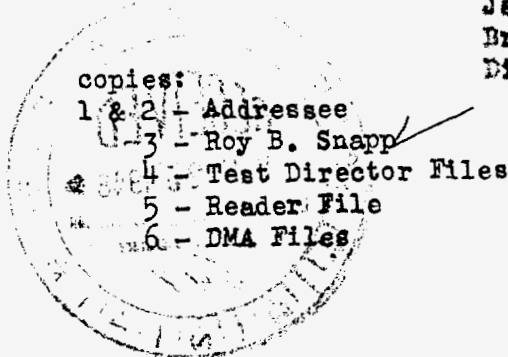

Your meritorious work in electrical engineering and in the overall geographical layout of test facilities was a major contribution to the success of the test program. The high engineering standards you achieved demonstrated your exceptional professional skill. Much of the credit for meeting the exacting time schedule is due you as a result of the very helpful liaison you effected between the scientific group and the military construction forces.

You personally have rendered the nation an outstanding service and it is my privilege to convey to you, for the Commission, the President's commendation.

Sincerely yours,
